

CONKURE BLANKETS

SYNTHETIC WET CURE BLANKETS

- Absorbent synthetic needle punched fabric coated with a white reflective film
- 9' x 250' roll
- White in color
- Unlike burlap, it will not rot or mildew
- Absorbent side faces down to absorb and retain moisture while the white reflective poly faces up reflecting heat and sunlight
- Meets and exceeds the moisture retention specification AASHTO M-171 and ASTM C-171

CONKURE BLANKETS

CB series

PRODUCT BENEFITS

- Quality lamination between the two fabrics
- Absorbent fabric retains the moisture
- White poly reflects intense heat/sunlights
- Material is flexible and easy to handle
- Meets DOT requirements for curing
- Reusable, easy to store

APPLICATIONS

- Freshly poured concrete
- Interstates & highway projects
- Bridge & overpass projects
- Decks, slabs, concrete surfaces
- Retain walls & concrete columns
- Vertical concrete construction
